

SSAFI

Programs Matrix

1

**SCHOLARSHIPS:
THE POWER OF
EDUCATING GIRLS**

*Only strong-minded, confident
girls grow into strong,
intelligent, independent, and
warm-hearted women*

SSAFI has always believed in the power of a good education to open limitless opportunities for young girls. As alumnae of St. Scholastica's College, we have had first-hand experience of what it is like to be formed in an all-girls school that seeks to even out the unequal treatment of girls in society, through a support system that does not put boundaries to what girls and women can achieve. We have seen how young girls can be transformed into confident young women, if only encouraged to explore their talents and grow in experience, as well as in knowledge.

DAUGHTERS BLUE & TRUE
HS SCHOLARSHIP (DBTS)

NIGHT SECONDARY SCHOOL SCHOLARSHIP
COLLABORATION (NSS)

2

**BENEHEALTH -
BENEVOLENT
HEALTH FUND**

The greatest Wealth, is Health
- Virgil

3

**SUSTAINABILITY
FUND PROGRAM**

*Sustainability means meeting the needs
of the present, without compromising
the needs of future generations.*
- Our Common Future, 1987 UN Brundtland Commission Report

4

OUTREACH

*God loves a
cheerful giver.*
- 2 Corinthians 9:7

PAMASCHO NOCHE BUENA
ST. BENEDICT HOME FOR
RETIRED SISTERS
DISASTER RELIEF FUND

SCHOLARSHIPS: THE POWER OF EDUCATING GIRLS

Daughters Blue & True HS Scholarship (DBTS)

BENEFICIARY

Financially challenged SSC Grade School graduates eligible for SSC Manila HS (Gr. 9-12) related by blood to SSC alumnae who have positively influenced their education (called “Guardians”)

BUDGET

PHP 100,000/Grade Level/student or
PHP 400,000/student for a 4-yr HS course

We expanded the reach of our former Child of a Scholastican (COAS) HS Scholarship to allow other Scholastican female guardians (Grandmother, Mother, Aunt, Sister) to endorse the SSC Manila HS education of GS graduates so that more students could qualify to experience these important and formative years in SSC. The rigorous evaluation of the scholar’s eligibility is conducted by the school’s Scholarship Grants & Programs division. Final approval is by the SSAFI Board, as endorsed by the Scholarship Committee. Although the application-approval process is done yearly, donors are encouraged to consider extending their donations/pledges to allow a scholar to complete her four-year HS education. Scholars show their commitment by maintaining a good academic standing as well as involvement in school and community activities that exercise their Benedictine values.

Night Secondary School Scholarship Collaboration (NSS)

BENEFICIARY

Financially challenged students eligible for a 5-year NSS Junior High School education (Gr. 7-10). The 4th and 5th years are devoted to Gr. 10 (parts 1 & 2) as this has a more complex curriculum which teaching is constrained by the night school hours (4:30PM-8PM).

BUDGET

PHP 7,000/year/student or
PHP 35,000/student for a 5-yr Junior HS course

The NSS Program has been a decades-long collaboration between SSAFI and the Sisters of the Manila Community (SMC or nuns who are involved with the school). The SMC pays the monthly honorarium for volunteer teachers who come from SSC faculty and staff, public school faculty, and the Alumnae. SSAFI previously took on non-tuition expenses for 1/3 of the total 100 scholars, but we expanded this to cover all the scholars for an equitable distribution. Moving forward, the SMC will prepare a phased conversion to 4 years (Gr. 7-8-9-10) with Gr. 10 being reduced to one year only. Eventually this will expand to 6 years (Gr. 7-8-9-10-11-12) to close the missing Senior HS gap. As the NSS population grows, additional facilities are being earmarked for the use of the NSS at later school hours. In addition, a Sister will now always be directly involved in the selection of scholars, home visits, and in the formation of the girls towards a life of service in the spirit of Ora et Labora. SSAFI will assist this conversion by soliciting sustained donations from alumnae that will focus primarily on the education component (books, materials, and financial assistance to ensure teachers’ availability at all times) versus peripherals.

BENEHEALTH

Benevolent Health Fund

BENEFICIARY

Financially challenged with Medical/Health-related needs:

- Scholastican alumna with at least 2 year residence in SSC or
- Retired teacher with at least 10 years tenure teaching at SSC

BUDGET

Any Amount
(generally, maximum availment per case is PHP 50,000)

Originally called in 2014, the “Benevolent Fund”, it was renamed in 2017 as “Blue Friendships Forever (BFF)” as a financial assistance program for medical/health related needs of alumnae. Pay-outs are confined to: reimbursement of receipts for prescribed medicines and direct payments to the Doctor and/or the Hospital. Evaluation of the application is reviewed by a medical professional and discussed by the BeneHealth Committee. Now included as beneficiaries are retired teachers with at least 10 years teaching at SSC, as certified by the relevant School Unit. SSAFI believes that the high quality of education we received in SSC was in large part because of the excellence of our teachers who molded our way of thinking, instilling the Benedictine values that have kept us grounded all our lives. This expansion of the original BFF program to include our beloved mentors is our way of giving back to those who have guided and formed us from Kinder to College.

SUSTAINABILITY

Sustainability Fund

BENEFICIARY

SSAFI Programs and Projects in need, to deliver Institutional Commitments

BUDGET

Any Amount

As part of SSAFI’s institution building and strengthening efforts, this is a restricted fund earmarked for longer term and continuing projects which will enable SSAFI to honor the commitments to the beneficiaries of our programs and projects. SSAFI hopes to stabilize the flow of donations and fees throughout the years as well as provide a source of continued growth for SSAFI by financially supporting best practice operations and the engagement of professionals and competent retainers to guide the Board and Management well into the future.

OUTREACH

BENEFICIARY

Partner Communities in Need of Care

BUDGET

Any Amount

This program puts into action the Scholastics' social awareness that reaches out beyond the walls of the school. At the moment, two of these are seasonal (4th Quarter), recurring projects plus a disaster relief fund.

PamaSCHO Noche Buena

Provides Christmas packages containing the ingredients of a simple Christmas Eve meal, to about 600 families of the two neighboring barangays, the NSS scholars, and the General Services staff of SSC. The long queues of beneficiaries, young and old, dressed in their Sunday's best, show how this has become a sharing activity beloved by all.

St. Benedict Home for Retired Sisters (SBH)

Provides care gift packages to retired Benedictine sisters during Christmas time. The sisters look forward to the annual visit of trustees, which is celebrated with a special meal and entertainment from both sides. This tradition started when Scholastics would go up to the Baguio convent to visit retired German sisters. In 2000, the SBH now located in Marikina, welcomed the sick and elderly sisters to a warmer, more comfortable climate.

Disaster Relief Fund

Proactively provides immediate access to funds when disasters happen, to support the school's efforts in helping those displaced or in need, in areas where there is a Benedictine or Scholastican community.
